APD to receive federal grant targeting aggressive driving and safety in work zones

Police Chief Art Acevedo, the Austin Police Department and a representative from the Federal Motor Carrier Safety Administration will host a news conference at 10:30 a.m. on Thursday, April 30, 2009, at APD Headquarters to discuss a grant to improve the safety of Austin's major corridors.

Through commercial vehicle safety inspections in high-risk locations and highly visible traffic enforcement, APD will work to reduce unsafe driving practices of commercial and non-commercial drivers.

This federal grant will provide overtime funds for enforcement operations and public education programs.

APD to accept federal grant
