Austin Police and Austin Parks and Recreation Departments remind citizens to use Austin parks responsibly

Over the past few weeks, Austin Police Park Officers have responded to numerous citizen complaints regarding excessive alcohol consumption, illegal drug use and unleashed dogs in the Barton Creek greenbelt. We would like to remind citizens that it is illegal to enter the Barton Creek greenbelt with alcoholic beverages, glass containers and unleashed dogs. There are signs posted at all greenbelt entrances indicating this. Officers will be strictly enforcing these laws during the next few weeks to remind citizens that we all need to use our parks responsibly.
